

**What do you see?
(Are you a witness?)**

This skit is about what people might see and do when God blesses them and how God's children can be a witness of God's goodness.

CAST:

WITNESS – a family member of Gill Bates (obvious play on Bill Gates, but representative of God)

PERSON 1

PERSON 2

PERSON 3

PERSON 4

Gill Bates – off stage voice that can be live or pre-recorded with the helicopter sounds

All persons/cast - standing on the "street" doing various things (reading newspaper, hailing a cab, running in place, talking on cell phone, etc.)

Witness: (into cell phone) **Gill, we're all set down here. A crowd has assembled. This mission is a "go".**

Helicopter sounds and all persons look up, followed by Gill's audio voice from the helicopter- **"Good Morning, this is Gill Bates speaking. Please accept these gifts, freely given to you."**

All persons look from up to down – following the "path" of a money drop to the ground. Stand with their mouths open looking toward the "money on the ground". (helicopter sounds fade away)

Witness to fellow persons – **Did you see that?**

Person 1, looking around – **Are we on candid camera?**

Person 2, looking around – **Is this police entrapment?**

Person 3, looking up – **Could that have really been Gill Bates?**

Person 4, looking at person 3 – **Naw, I've heard Gill Bates is a stingy, angry old man. There's no way that was really him.**

Witness – **Excuse me, but I am a part of Gill Bates family. That was really him, and he really means it when he says this is all free to you.**

Person 4 – **Well, I'm not standing around waiting to find out. I'll get mine while I can.** – Fills his hands with as much "money" as he can hold.

Person 1 shrugs his shoulders as #4 begins picking "money" up – **I don't see anybody stopping him.** – Fills his hands with as much "money" as he can hold.

Witness, as he sees 4 & 1 picking up money – **If you would like to meet him, Gill has invited you all to have lunch with him.**

Person 2 shrugs his shoulders – **He probably would want us to pick up the tab!** – and joins #s 4&1 in picking up money. They all then take off with their hands full.

Person 3 looks around, then begins to calmly pick up "money" while talking with Witness – **Are you really a member of his family?**

Witness – **Yes**

Person 3 – **Why would he want to do this?** (pointing to the "money" still left on the ground)

Witness – **He has so much that he wants to share. He has a good heart.**

Person 3 – **Does he really want to have lunch with me?**

Witness – **There's nothing he would enjoy more. Can I take you to him now?**

Person 3 – **I think I'd like that. I have a feeling I'm going to really enjoy meeting such a generous person.**
They leave together.
