

PASS IT ON... | JOHN 4:7-21

This skit illustrates that how we treat people makes a difference when it is God's heart that we are passing along.

Characters:

Homeless Man

Multiple people walking on the street - These people have hearts taped all over them because they have experienced the God's love through others.

Woman with her hands full of packages/children

Begin with a homeless man who comes to sit on the sidewalk. He positions or holds a sign asking for help.

A person comes by and gives him a dollar, while taking off one of their own hearts and putting it on him where the audience can see it.

A person comes by and gives him food, while taking off one of their own hearts and putting it on him where the audience can see it.

A person comes by and gives him a bottle of water or a cup of coffee, while taking off one of their own hearts and putting it on him where the audience can see it.

A person comes by and gives him a coat, while taking off one of their own hearts and putting it on him where the audience can see it.

A person comes by and gives him a hug, while taking off one of their own hearts and putting it on him where the audience can see it.

You can continue this pattern, as appropriate. Then....

The woman walks by with arms full of packages/children. The homeless man gets up, says "let me help you" and "opens" a door for her/them, and putting one of his hearts on her/them as they pass. The homeless man smiles, picks up his sign, and walks off stage.
