

Bowl Cozy

Am I a hat?
Oh no, I am not!
Nor a nest for a bird
or a mouse that you've caught.
But if you have food
you need to reheat,
some soup, some rice,
or even some meat,
let me cuddle your bowl
that is full of these things.
Then, into the microwave
until it dings.
In two or three minutes,
when dinner is warm,
your hands can remove us
without any harm.
Although I like heat,
I can also take ice.
Sorbet in a bowl
to me is quite nice.
Together we sit,
on table or lap.
Watch out for spills!
Don't want a mishap!
I'm handy, you see,
and really, quite able.
I'm washable too,
hence, the cute label.
